EXPERIENCE

Environmental Engineer

AECOM URS Italia S.p.A.

Feb. 2021

Milan, Italy

Technical consultancy on remediation procedures in industrial sites across Italy, in compliance with D.Lgs.152/06.

- Developing custom solutions for effective collection, processing, analysis and restitution of environmental data.
- Project management: budgeting, planning, billing and reporting. Meetings with clients.
- Design and implementation of investigation and remediation activities for contaminated water and soil matrices.
- Field supervision of technical activities carried out by subcontractors.
- Relations with national authorities (ARPA, Ministry of Environment) and local authorities.

External Collaborator

Wiseair S.r.l.

Mar. 2020 – Dec. 2020

Milan, Italy

Development of a GIS-based framework for spatial interpolation of PM2.5 concentration data, using real-time data from a dense network of measuring stations and taking into account the contribution of urban morphology in the dispersion of pollutants.

- Automated processing of real-time pollutant concentration data, using python and GIS tools.
- Development of a tool to assess compliance with air quality international health guidelines.

Event specialist - “Citycrusher” Team

Red Bull S.r.l.

Sep. 2017 – Sep. 2020

Milan, Italy

Managing brand-activation of Red Bull Citycrusher event-car in selected sport events in Italy.

Hero Team Promoter

GoPro EMEA GmbH

May. 2014 – Sep. 2019

Munich, Germany

Promotion of cameras and brand-activation in selected events in Europe.

EDUCATION

MSc in Environmental and Land Planning Engineering

Politecnico di Milano

Milan, Italy

Sep. 2018 – Dec. 2020

Data structures, analysis & ML for environment - Advanced Statistics - Advanced GIS - Remote Sensing - Photogrammetry - Sustainability & LCA assessment - Climate change mitigation

Thesis: “Spatial interpolation methods for producing high-resolution PM2.5 concentration maps in Milan, Italy”

BSc in Environmental and Land Planning Engineering

Politecnico di Milano

Milan, Italy

Sep. 2014 – Mar. 2018

Statistics - Chemistry - Geology - Hydrology & Hydraulics - Soil & groundwater remediation - Geotechnology - Energy engineering - GIS

Thesis: “Environmental and economical impact of Case dell’Acqua, a free drinking-water distribution project in Milan by MM S.p.a.”

The British School of Brussels

International Baccalaureate (IB Diploma)

Brussels, Belgium

Sep. 2012 – May. 2014

TECHNICAL SKILLS

Programming: Python, JavaScript & shell

Web frameworks: Flask, Django & Express

Database: SQL, PostGIS & noSQL (MongoDB)

Cloud: AWS, GCP & Azure

Development: git, testing, docs & CI/CD pipelines

API: HTTP, REST & GraphQL

Data Science: pandas, numpy, scikit-learn, matplotlib, seaborn, plotly, geopandas, rasterio

GIS & CAD: ArcGIS & QGIS, AutoCAD, Civil3D

Business Intelligence: Power BI (M & DAX)

Writing: \LaTeX , Markdown & reStructuredText

Web: HTML & CSS

PERSONAL SKILLS

Languages: Fluency in Italian (mother tongue) and English. French at professional level.

Personal interests: skiing, surfing, road-cycling and outdoors. Technology and AI.

LICENSES

Italian National Association of Engineers: 2021

References and letters of recommendation available on request.
